

## How Do You Commute to OPD? | BLOG #2

No matter which direction you travel from to get to OPD, the time and cost of commuting can be a bit stressful. Did you know the average commuter spends around \$16 a day to drive to and from work? This can add up to thousands of dollars each year! Luckily, the M2OPD team's got you covered and is committed to helping you save time and money on your daily commute. Check out some of the options we're offering below.
